

To minimise the risk of Covid infection at the CBC, please read and adhere to the following points

- **Feeling unwell:** Please do not visit the CBC if you are feeling unwell at all
- **Physical distancing:** Please maintain a 2-metre distance from other people
- **Face coverings:** It is a legal requirement that a face covering/mask is worn for when you are indoor areas – please wear one upon entering the centre building (unless you have a valid exemption)
- **Hand sanitiser:** Please use the hand sanitiser upon entering or leaving the building
- Please only use the room you have been booked into at the time it is booked for. Please make sure you exit the building promptly as other bookings may be following yours.
- Follow the guidelines on cleaning the room you have used and allow time for this at the end of your booking. (There are cleaning boxes in the entrance hall for you to use with further info)
- The tea bar remains closed – please bring your own refreshments.
- If you have any concerns around safe building use – please let the centre team know
- Outside of pre-booked sessions the building remains closed, unfortunately it is not possible to currently offer drop-in or social space for Sangha use.
- You are welcome to use the toilets – please avoid the basement loos. To minimise overlap between users, please stick to the following:
 - LSR bookings use the ground floor loo
 - first or second floor room bookings use the top floor loo
 - foyer or theatre bookings use the theatre toilets
